NARRATIVE: SOMETHING IS SHIFTING

'World Ending vs New Beginnings'

The world is a place of constant transformation. Nothing stays the same forever, and everything is subject to the passage of time. However, the passage of time does not always bring about destruction and decay. Sometimes, it can bring about new growth and transformation. The old gives way to the new, and the cycle of life and death continues. But what if we could find a way to create something that embodies both the old and the new, the dying and the emerging? That's the concept behind this collection of furniture.

BOLD is a collection that stands at the intersection of two worlds: the world of the past, represented by the traditional hand-woven Danish cord seatings and the sustainable-sourced recycled wood, and the world of the future, represented by the way of production and finish. Together, all objects create a sense of contrast and transformation.

Make things personal again is a second theme but subordinate to the first. This theme is all about creating a sense of intimacy and connection in a world that often feels disconnected. This collection is customizable and can be personalized - think about the wave pattern, the colors and the design of ceramic tiles integrated in the coffee table - to fit the customer's needs and the possible branding of the client. The lounge chair and stool have a removable or replaceable seating that can be swapped or repaired over time. By allowing the user to update and refresh the piece over time, the BOLD collection creates a possible sense of ongoing connection and engagement with the object.

Bold Lounge Chair

Bold Lounge Chair

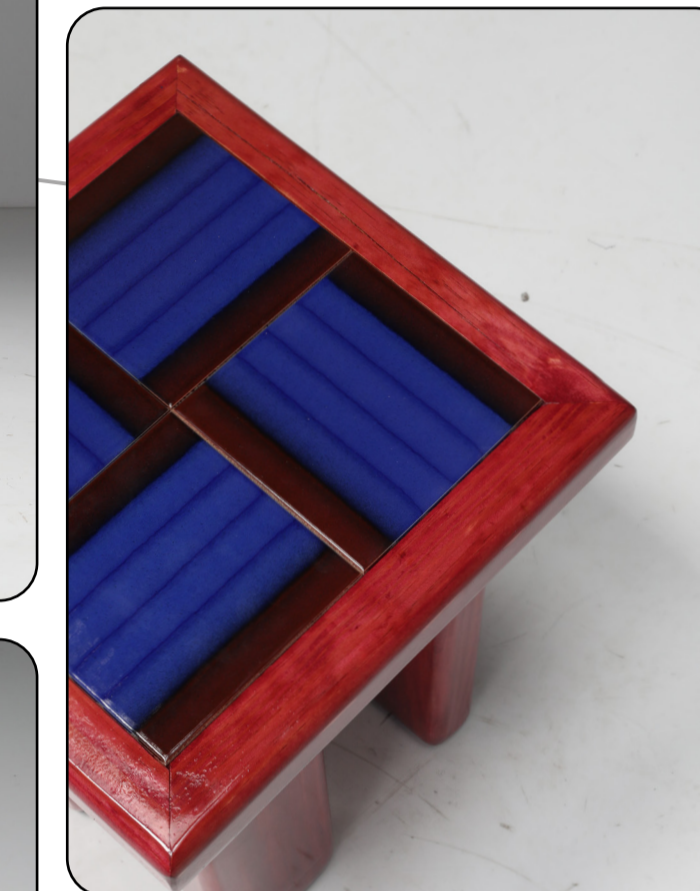

Seating and back combined contains 350 m of Danish cord, handwoven based on the tradition techniques during 1950's. Both seating and backrest are replaceable. All joints protrude slightly (like parent rope joints), creating tension and playfulness in the brutalist design. Colours can be customized. Each part has fixed proportions, making scaling easier and it ensures a well balanced appearance.

Material

- Yellow Pine
- Danish Cord
- Custom wood stain, linseed oil
- Yacht lacquer
- Wood Glue D3
- M6 70mm bolts
- Screw-in nut M6
- Festool Domino Dowel beech, 10x50mm

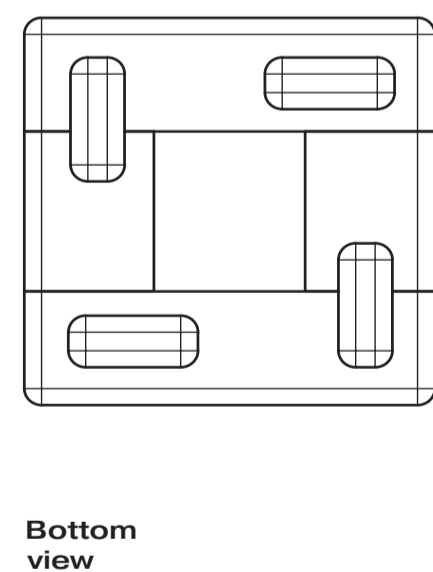

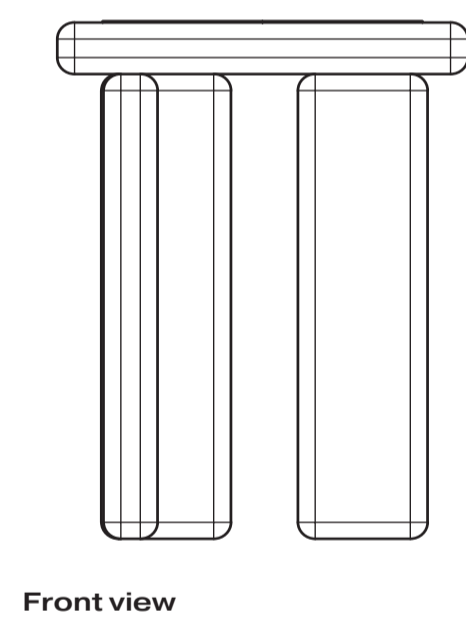

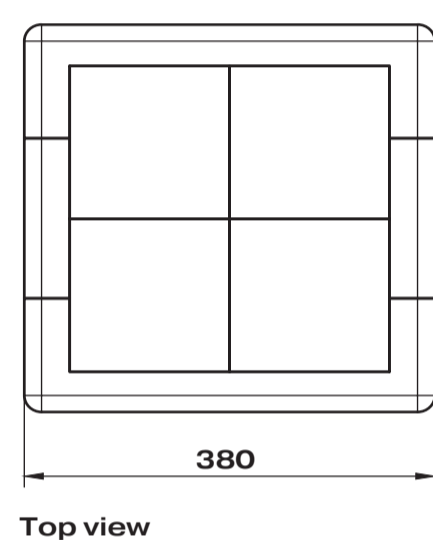

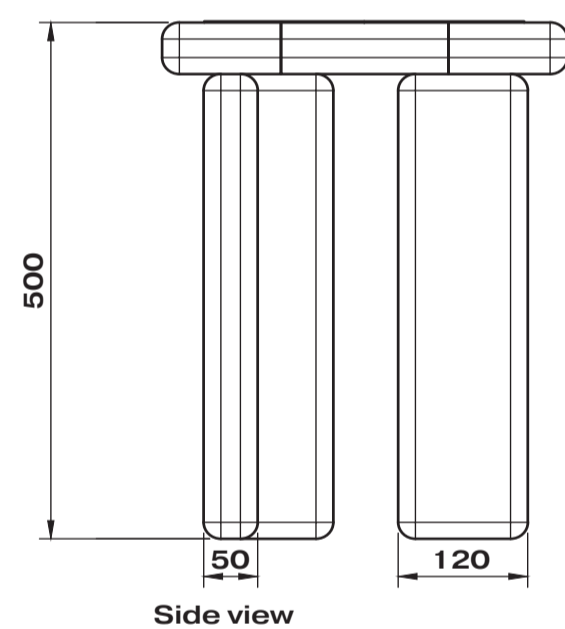

Bold Coffee Table
